OVEN & GRILL CLEANER

Dissolves Grease • Works In Minutes
Spray On - Rinse Clean

LOW V.O.C. FORMULA

V.O.C. COMPLIANT

MEETS OR EXCEEDS ALL V.O.C. REGULATIONS

**CONTAINS NO 1,1,1 TRICHLOROETHANE
OR ANY CHLORINATED SOLVENTS**

DIRECTIONS

SHAKE WELL BEFORE USING

1. Turn off current in electric ovens and pilot lights in gas ovens.
2. For best results, oven should be warm, but not over 200°F.
3. Cover floor under oven with newspapers.
4. Remove racks and other equipment from oven, and clean these separately.
5. Remove cap and point valve opening toward surface to be cleaned. Hold can upright and spray 8" to 12" from surface.
6. Avoid contact with asphalt tile, linoleum, painted surfaces or aluminum. (Exterior trim is frequently polished aluminum: not chrome or stainless steel.) These areas should be protected. Do not allow spray to penetrate electrical connections.
7. Leave oven door open and let cleaner stay on 15-20 minutes. Wipe clean and then rinse with potable water. Wear rubber or impervious gloves.
8. Replace protective cap when finished cleaning oven.

KEEP OUT OF REACH OF CHILDREN

DANGER: CORROSIVE

Contents under pressure. Do not get in eyes or on skin or clothing. Keep container closed. Avoid inhalation of spray mist. Use with adequate ventilation. Do not puncture or incinerate container. Do not store in direct sunlight or at temperatures above 120°F, as container may burst.

SUGGESTED FIRST AID

SKIN CONTACT: Wash affected area with soap and water. Get medical attention if irritation persists.

EYE CONTACT: Immediately flush eyes with plenty of water for at least 15 minutes. Get medical attention immediately.

INHALATION: Provide fresh air. Apply artificial respiration if not breathing. Get medical attention.

INGESTION: Do not induce vomiting. Drink large amounts of water or milk. Get medical attention immediately. Do not give anything by mouth to an unconscious person.

ENVIRONMENTAL INFORMATION

This product contains no CFC's or other ozone depleting substances. Federal regulations prohibit CFC propellants in aerosols. V.O.C. Compliant. Meets or exceeds all V.O.C. limit regulations. Can is made from 25% secondary steel and 10% post consumer steel. Recycle plastic overcap as #2 HDPE. Recycle can, after empty, by holding spray tip down to relieve all pressure, then recycle with other steel cans where recycling facilities exist.

FOR INDUSTRIAL USE ONLY
