

## TECHNICAL DATA SHEET

---

**Product Name:** Misty The Seasonals – Dry Deodorizer (Metered)

**Item Number:** A00209

**Description:** This new and improved product represents yet another evolution in room deodorizers. This breakthrough formulation contains all of the performance one might expect from a dry-type air freshener — but with a twist. Excellent bloom and suspension time, ultra fine particles, no fall out and no residues for use in textile applications are just some of the attributes. What is truly remarkable about the product is that it achieves the incredibly dry spray without using ozone depleters. In fact, this product contains less than 30% total VOC content! A remarkable spray is not the only exciting thing about this new formulation. The retail grade fragrance uses only the finest ingredients to ensure superior olfactory notes and tones. But a fantastic fragrance is not the only premium feature you will find. Also included is not one, but two odor counteractants for maximum deodorizing power. The dual system quickly neutralizes malodors with industrial and institutional strength even on smoke, decay, urine, feces, solvent, vomit, cooking, animal, and more. Also featured is a new, universal, non-proprietary actuator for use in most available time dispense machines including Amrep, Time Mist, Cline-Buckner, Syncro-Mist, Big-D, National Lab, Technical Concepts, Continental, and Q-Mist Machines. The metered valve delivers precise spray volumes in an ultra fine mist to effectively freshen rooms up to 6,000 cubic feet. Although versatile enough to use virtually anywhere, suggested uses include freshening bath and washrooms, showers and garbage receptacle areas, in hotels, restaurants, hospitals, apartments, schools, nurseries, fitness centers, commercial and institutional buildings, animal clinics, nursing homes and more. Available in the following fragrances: Harvest Fruit, Holiday Potpourri, Autumn Heather, Winter Fresh, Spring Rain, Summer Breeze.

**Health Hazard Data:** Contents under pressure. Do not puncture or incinerate container. Do not expose to heat or store at temperatures above 120°F. KEEP OUT OF REACH OF CHILDREN.

**Spill Or Leakage Procedures:** Do not flush to sewer. Absorb with suitable material and dispose of according to local, state and federal regulations. Aerosol cans when vented to atmospheric pressure through normal use, pose no disposal hazard.

**Product Specifications:**

Wt./12oz. can:	7 Ounces
Classification:	Aerosol Metered Dry-Type Air Deodorizer
General Appearance:	Clear, Dry
Color:	Colorless
Odor:	Various
pH:	N/A
Vapor Pressure At 70°F:	70 psig
Spray Pattern:	Dry Mist
Flammability:	Not flammable per CPSC Flame Projection Test
NFPA Code 30B:	Level 2

03/96

Manufactured by:
