

TECHNICAL DATA SHEET

Product Name: Misty The Seasonals - Dry Deodorizers (Hand-Held)

Item Number: A00239

Description: This new and improved product represents yet another evolution in room deodorizers. This breakthrough formulation contains all of the performance one might expect from a dry-type air freshener — but with a twist. Excellent bloom and suspension time, ultra fine particles, no fall out, and no residue for use in textile applications are just some of the attributes. What is truly remarkable about the product is that it achieves the incredibly dry spray without using ozone depleters. In fact, this product contains less than 30% total VOC content! A remarkable spray is not the only exciting thing about this new and improved formulation. The retail-grade fragrance uses only the finest ingredients to ensure superior olfactory notes and tones. But a fantastic fragrance is not the only premium feature you will find. Also included is not one, but two odor counteractants for maximum deodorizing power. The dual system quickly neutralizes malodors with industrial and institutional strength even on smoke, decay, urine, feces, solvent, vomit, cooking, animal and more. Also featured is a new light-touch actuator for effortless pinpoint spray control. When used as directed, this advanced formula will effectively freshen without staining or leaving a residue. Although versatile enough to use virtually anywhere, suggested uses include freshening rooms, fabric, drapes, bedspreads, carpet, auto interiors and air conditioners, closets, lockers, chests, shoes, luggage, showers, and garbage receptacles in hotel rooms, restaurants, hospitals, apartments, schools, nurseries, fitness centers, animal clinics and nursing homes. Available in the following fragrances: Harvest Fruit, Holiday Potpourri, Autumn Heather, Winter Fresh, Spring Rain, Summer Breeze.

Health Hazard Data: Contents under pressure. Do not puncture or incinerate container. Do not expose to heat or store at temperatures above 120°F. KEEP OUT OF REACH OF CHILDREN.

Spill Or Leakage Procedures: Do not flush to sewer. Absorb with suitable material and dispose of according to local, state and federal regulations. Aerosol cans when vented to atmospheric pressure through normal use, pose no disposal hazard.

Product Specifications:

Wt./20oz. can:	10 Ounces
USDA Category:	(Pending)
Classification:	Aerosol Dry-Type Air Deodorizer
General Appearance:	Clear, Dry
Color:	Colorless
Odor:	Various
pH:	N/A
Vapor Pressure At 70°F:	70 psig
Spray Pattern:	Dry Mist
Flammability:	Not flammable per CPSC Flame Projection Test
NFPA Code 30B:	Level 2

03/96
