

MILD ACID DISINFECTANT CLEANER

tile brite™

Description

This product is a "one-step" disinfectant cleaner with mild phosphoric acid and chelating agents that attack soap scum and hard water deposits in restrooms, showers, kitchens and other areas where an added cleaning "punch" is needed. This product is also effective for mold and mildew control as well as being effective in both hard water and 5% organic soil load.

Features...Benefits

- ConcentratedEconomical
- One-Step ProductLabor Saving
- Removes Hard Water DepositsLabor Saving
