

POP & SHINE

Gloss Restorer

DESCRIPTION

A revolutionary product that renovates floor finish and restores floors to maximum gloss...like magic! Especially selected polishing agents and cleaners help to remove scratches and scuffs from floors while rejuvenating the floor to a brilliant lustre. Saves labor; extends scrub / strip cycles. A must for every high speed / UHS Burnishing Floor Care program!

PRODUCT FEATURES / BENEFITS

- Super concentrated; reduces shipping costs
- Bright, Wet Look gloss
- Ideal for Multi Speed Polishing and Burnishing
- Easy leveling, fast drying for added labor savings

DIRECTIONS FOR USE

FOR USE AS A SPRAY BUFF: Dilute product at a rate of 1 oz. per quart (1:32). Dispense into spray bottle with trigger sprayer affixed. Spray product onto 10' x 10' section of floor to be buffed at one time. Using natural hair or rubberized synthetic buffing pad, you may buff the floor using an ultra high speed burnisher and pad. Buff slowly to work the product into the film.

FOR USE AS A FLOOR RESTORER: Dilute product at a rate of 2 oz. per gallon (1:64) into bucket. Dip the mop into the solution and wring out the mop. Mop floor lightly with solution. You will yield approx. 2500-3000 square feet per gallon coverage on solution (a little goes a long way!) When dry, you may buff the floor using an

ultra high speed burnisher and a natural hair pad. Buff slowly to work the product into the film.

NOTE: BE SURE THAT AN ADEQUATE AMOUNT OF FLOOR COATING IS PRESENT ON THE FLOOR.

FOR INTERIM FLOOR MAINTENANCE: Mix solution of 4 oz. per gallon (1:32). Lightly mop it onto the floor and ultra high speed burnish the floor while still wet with a more aggressive hair pad. This will remove deep scuffs and scratches from floor finish film and enhance overall gloss.

NOTE: PRODUCT MUST ALWAYS BE DILUTED BEFORE USE.

SPECIFICATIONS

Appearance Amber Liquid
 Odor Pine Forest
 pH Concentrate 11.5 ± .5
 Upper Cloud Above 140°F
 Cold Stability Below 32°F
 Specific Gravity 1.00 ± .002 gr/cc

Density lbs./gal. 8.33 ± .015
 Flash Point (COC) 175°F
 Fire Point None
 Corrosive No
 Gloss enhancement Superior
 Scuff / Scratch Removal Excellent

SAFETY INFORMATION

CAUTION: MAY BE HARMFUL IF SWALLOWED. KEEP OUT OF REACH OF CHILDREN. Avoid eye & skin contact. Do not ingest.

For Eyes: Flush thoroughly with water for 15 minutes. Get medical aid.

For Skin: Flush skin surface thoroughly with water for 15 minutes. If irritation persists, get medical aid.

If Ingested: Induce vomiting. Give large quantities of water. Get medical aid.
